Placement in the French Enriched program will be based on the following criteria:

1. Results from the Hadley French Enriched Entrance Assessment and;
2. Date by which the form is received at Hadley starting March 25th, 2021 through June 30th, 2021. **It is the responsibility of the parents to return the form to Hadley attention: Ms. Miljour.** You will be contacted in early July as to the status of your child's placement.

The following criteria are strongly recommended in order for a student to be successful in French Enriched:

1. Student is fluent in French and dedicated to learn in an all French classes.
2. Student is self-disciplined /autonome.
3. Student will do the assigned work by teachers and respect due dates.
4. Student organize their materials and keep them organized.
5. Student will be engaged in classes.

The expectation is that students in French Enriched will be required to communicate in French at school during their French instruction, and spend approximately 1-2 hours each night developing their French skills (homework, listening to French radio, reading and writing activities in French). The French Enriched course at Hadley is a rigorous program much like that in the French schools. Students should expect a faster pace in class and increased homework load. **This is not an immersion program suited to those seeking remediation in French.**

Criteria to remain in program:

70% in Français
Passing all other courses
