Local Programming

Subjects and courses not listed in the above table are locally created courses (with some exceptions such as Physics, Chemistry, Biology in Grade 11 which follow a Provincially mandated curriculum). All subjects and courses taught at Hadley and PWHS have a long-range curriculum map with learning objectives defined. Subjects and courses in CASP, Challenges, MAP and WOTP all follow the Provincial curriculum for their respective programs.

Students with Special Needs

Please note that some students with special needs are provided with an individualized program to meet their needs. Students in modified programming may have evaluation and reporting procedures that differ from those described in these pages. The teachers, in collaboration with the school's resource department, develop Individual Education Plans (IEPs) that outline the individualized programs, strategies implemented as well as resource support measures.

Report Cards

Official Communications: Please note that you will receive the following official communications during the school year:	
Interim Progress Report	By October 15 th , you will receive the interim progress report, which will include comments on your child's learning and behavior. This report will be on the Parent Portal on October 11 th .
Term 1 Report Card	The Term 1 report card will be issued by November 20 th . This report card will cover the period from August 29 th to November 8 th and will count for 20% of the final mark for the year. The report card will be on the Parent Portal on November 15 th .
Term 2 Report Card	The Term 2 report card will be issued by March 15 th . This report card will cover the period from November 11 th to February 14 th and will count for 20% of the final mark for the year. The report card will be on the Parent Portal on February 21 st .
Term 3 Report Card	The Term 3 report card will be issued by July 10 th . It will cover the period from February 17 th to June 6 th and will count for 60% of the final mark for the year. The report card will be on the Parent Portal on July 5 th .

Comments on learning (by subject) including attitude to study:

The report card will include a section for an optional general teacher comment for each subject area. The comments may deal with the student's strengths, challenges and progress.

General competencies

The report cards will also include comments on the following general competencies at the end of the first and third term:

- Term 1: *Organizes his/her work and Works in a team*
- Term 3: *Organizes his/her work and Works in a team*

If there are any changes made to the above evaluation and reporting information, an updated version of this document will be made available. For any more information concerning the evaluation of your child's learning, please contact the school at your convenience.

The challenges of educating today's young people are increasingly demanding. In a complex and changing social context, providing all students with the best possible education requires a constant readjustment of practices. The Québec Education Program constitutes an indispensable framework for all the pedagogical choices facing educators under these circumstances. It calls for the concerted effort of all members of the school community, particularly teachers. It also presents the main educational orientations that should guide school staff, as well as the learning considered essential for young people today. The Québec Education Program establishes the foundations of a moral contract between educational institutions and society—particularly parents and students. In light of the schools' mission, it embodies an educational approach that encompasses all dimensions of students' development. It may thus be used to convey to students the educational vision that adults seek to realize with them, and the expectations that they must fulfill for their competencies to be recognized. For more information about the Ministry of Education Provincial curriculum please visit:
